John Blakely of New York, a prominent Mason, has disappeared, and is supposed to be either in this city, or in this part of the country. At all events, three Mystic Shriners have left New York for this city hoping to find some track of him. Blakely was heard from Nov, 22 last, and as his health had been poor it is feared he lost his mind and wandered off. His mother has died from worry over his disappearance. Blakely was a cigar dealer at the corner of Maidea Lans and Braodway.

A series of heavy squalls came up at 8 o'clock last evening, and one of them blew down a stretch of the new steel frame work being erected on the second story of the Vermont building on State street. It came down with a great crash smashing in the big plate windows of the story below and doing considerable damage. However, no one was hurt. The steel was left insufficiently braced. It is being replaced today. The squalls stirred up a great deal of dust about town and was very blinding.

The total proliment for the year was 13,562 pupils, as compared to 18,253 for the year 1501-02, which is an increase of 309. The first month of the year there were 12,-512 pupils enrolled; at the close of the school term there were only 10,316, a decrease in attendance of 2,196 pupils. This great decrease was probably due o the uncertainty of the length of the school term caused by the distressed inancial condition of the school b ard. During the year there were 508 pupils who were not absent or tardy a single

THIRD WARDIMPROVEMENTS New Buildings to be Erected for Church Purposes,

At a meeting of the heads of the various organizations of the Third ward, held last evening, it was decided to enlarge the ward meetinghouse and to build a large hall for the use of the various organizations. The Third ward has been steadily growing and today its members number over 600. The church buildings that have served so long are now inadequate to accommodate the large congregations which assemble each Sunday evening, and the ever-

growing Sunday school.

The new buildings are to be constructed of brick, will be thoroughly modern, and will cost about \$3,000. Operations are to be commenced at once, and it is expected that the structure will be completed in about 60 days.

The speaker paid a high compliment to the Logan choir, which he said is famed for its beautiful music. GLORY OF THE SAINTS.

Cyrus Townsend Brady was talking about the itinerant preachers of the

past. "These men," he said, "were rugged and sincere. Their minds, if they were coarse, were also strong. Their eloquence was sometimes powerful; sometimes it

was amazing,
"There was a notable itinerant who once preached on the 'Glory of the Saints,' and the description of a saint's glory that he gave in this sermon deserves, I think, to be perpetuated. This is it, word for word: "Who, my brethren, can describe the

glory of a saint? Why, nothing on earth can liken it. If you drill a hole through the sun and put it on your head for a crown, and split the moon in sunder and put the pieces on your shoulder for epaulettes-if you tear down the ctarry curtain of the skies and wrap to heaven on the lightning wings of the tempest, this will be nothing to the glory of the saints.
